EDUCATION

Sri Eshwar College of Engineering P.K.D	B.E(EEE)	CGPA:7.3	2022-2026
Matric Higher Secondary School P.K.D	HSC	68.33%	2020-2022
Matric Higher Secondary School	SSLC	72.6%	2019-2020

INTERNSHIP

MERN Stack - Better Tomorrow   2024

Applied MERN Stack expertise to develop secure APIs and implement database connections for user authentication in dynamic web applications. Collaborated within a team environment to gain practical experience with cutting-edge technologies

Web development-Octanet   2024

Web development is essential for business,creating digital storefronts that engage users and drive conversions. It is encompasses front-end and back-end technologies,design principles,and collaboration between developers and designers,and content creators to ensure a seamless user experience.

PROJECTS

ECOMMERCE WEBSITE   2024

Utilize MongoDB to store user data, product information, and order details for the e-commerce website. Develop a RESTful API with Express for backend logic, including user authentication and order processing. Implement JWT and bcrypt for secure authentication and deploy the app on cloud platforms like AWS or Heroku for scalability.

Tech stack: React,MongoDB, Express,Node,REST

TASTYHUB   2024

Utilize MongoDB to store user data, recipe information, and wishlist items for the recipe website. Develop a RESTful API with Express to handle backend logic, allowing users to view recipes, read details, and add them to their wishlist. Implement JWT and bcrypt for secure user authentication and deploy the application on cloud platforms like AWS or Heroku for scalability.

Tech stack: React,MongoDB, Express,Node,REST

TASKTRAIL   2024

Utilize MongoDB to store user data and to-do list items for the application. Develop a RESTful API with Express to handle backend logic, enabling users to create, read, update, and delete to-do list tasks. Implement JWT and bcrypt for secure user authentication and deploy the application on cloud platforms like AWS or Heroku for scalability.

Tech stack: React,MongoDB, Express,Node,REST

HEAVENLY APPLES   2024

Design intuitive user interfaces with clear navigation and visually appealing layouts using HTML,CSS,and JavaScript. Implement responsive design to ensure usability on various devices. Prioritize user experience by optimizing page loading speed and incorporating interactive elements for engaging browsing.

Tech stack: HTML,CSS Javascript

CERTIFICATIONS

The Complete javascript course-2024:From Zero to Expert!	Udemy	2024
Learn Java Programming Beginner to Master	Udemy	2024
Matlab onramp	MatWorks	2024
Mastering Data Structure and Algorithms Using C and C++	Udemy	2023

ACHIEVEMENTS

Leetcode	Contest Rating -1347	**Profile link**
Codechef	**Profile link**
Hackerrank	Secured 2 badges	**Profile link**

SKILLS

Languages	C	Java	Python	HTML	CSS	Javascript
Libraries/Frameworks	React.js	Express.js	Node.js
CoreConcepts	Data Structures and Algorithms	OOPS
Query Language	MYSQL|MongoDB
Tools	VScode	Canva	Github
